We already sent one in for the General Mills site, but I will get you two others within the hour – Freeway Landfill (Burnsville) and Reilly Tar (St. Louis Park).

Don – I shall I send them to you and Megan, then you can review and pass on to Matt?

Don, Tim, and Leah:

Don thanks for getting back to me so quickly.

Here is the original message from John Peterson. As you can see we are past the deadline for the original request so my guess is that the deadline for the second request is ASAP.

It needs to be in the hot issue format. Megan can help with that. Also once you have something put together you want to send it thru Megan so she can finalize, talk with Rick and/or Doug and get it back to John.

Hello Again,

We need St. Paul and Minneapolis hot issues with an emphasis on water, air and energy issues facing those cities. Especially need to be aware of any issues involving the mayors.

Kind of a rush on these due to the Memorial Day holiday. Please send your items to me, **John Peterson**, and **Anne Rowan**, in Public Affairs, by **deadline: COB Wednesday, May 21.**

I'll attach the last Minnesota issues you did and the hot issue format.

Thanks for your quick help.

- john
